Sir,

Sub Tender for Goribidnur Drainage work, III Stage

Adverting to Government Order No L 7532-5/M1 68-43-17 dated 24th January 1944 sanctioning a grant of Rs 1500/- for the construction of sylk pattern drains in Goribidnur Town, I have the honour to state that an estimate for the work amounting to Rs 3000/- was sanctioned by this office, the Municipal Council being agreeable to contribute the other half

The only tender for the work received from one Mr K S Venkatachala Rao is for 100% over the estimate rate, resulting in an excess of Rs 1620/- over the estimate of Rs 3000/- The portion ofthe estimate amount to Rs 2310, a provision of Rs 690/- having been made in the estimate for 30% fluctuation The total cost of the work, as per the the tender, will amount to Rs 4,620/- resultingin an excess of Rs 1,620/- over the estimate, as mentioned above This will have to be met both by the Government and the Municipality in equal proportion

The Sanitary Engineer suggests the takingup of the work and carrying it out upto the funds available viz Rs 3000/-, as nowadays owing to fluctuations in the market, there is dearth of contractors and retendering may not result in more favourable tender

The President, Municipal Council, Goribidnur is also being addressed in the matter to communicate the views of the Municipal council in regard to meeting their share ofthe excess cost. A copy is also sent this day to the Deputy Commissioner, Kolar District.

I request you to be so good as to obtain and convey orders of Government in the matter.

A copy of Sanitary Engineer's letter dated 16-11-1944 and the tender received are enclosed herewith for the information of Government.

I have the honour to be,
sir,
Your most obedient servant,

Director of Public Health.
